# Class 2 Autumn 2 Newsletter 2026!

Welcome back to the second part of the Autumn term!

I hope you all had a lovely week break and had chance to rest, have fun and spend time with others. We have a packed half term ahead in the run up to Christmas and have lots of learning to squeeze in!

Miss Moore

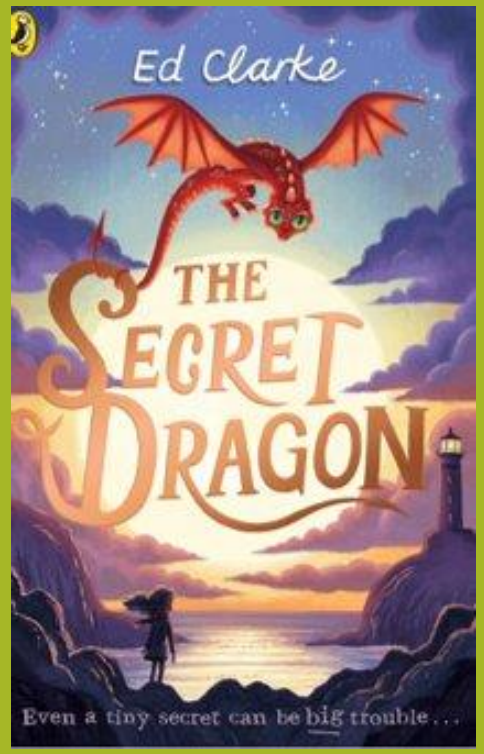

## Reminders:

- PE will be on a **Wednesday and Thursday**
- Please could reading books and planners be in school every day
- Homework will be set on a Friday and can be handed in anytime before the following Thursday.

## Events

- W/C 16th November – Parents evenings
- 17th November – HVC Football event
- 2nd December Christmas craft afternoon
- 8th December – Pantomime whole school trip
- 16th December – Xmas dinner and Party day
- 17th December – Nativity (2pm)
- 18th December - Last day!

## Our class reading book:

## Reading and times tables

All children have access to a Times Tables Rockstars account. Please could you try and support them to do some practice on here from home at least once a week. If there are any problems around this or they do not know their logins, please don't hesitate to speak to me.

All children will have a school reading book and diary/planner. Please could these be in school every day so that they can read with an adult. All children will be heard read at least once a week. As much reading as they can do with you at home the better!

# Our learning!

English:

Our first unit will use the book 'The Last Garden' by Rachel Ip. The story has some contrasting themes and we will be using the book to eventually write our own stories around the theme of 'hope'.

The second book we will use is the Tin Forest. This book will give us a more non-fiction focus where we will eventually create information leaflets and texts.

Maths:

Differentiated for both year groups:

- Addition and subtraction
- Multiplication and Division
- Area (Y4 only)

Geography

Sustainable food and farming!

We will be exploring where our food comes from and how it gets to us. We will learn about the effects of climate changes on farmers and their produce, eventually putting all our learning together to design and create sustainable farming suggestions.

Science:

Teeth and Digestion

We will be learning about the parts of and role of our digestive system. We will cover the types of teeth and what jobs they have, as well as compare the teeth and diets of different mammals.

Computing:

Scratch – sequencing sounds.

Children will become familiar with Scratch and use their skills to design and code a musical instrument.

PE:

PE lessons will continue to be with class 3 and we will be doing alternating lessons of Gymnastics or Football in preparation for the HVC Football event.

French

Describing me and others

Design and Technology:

The Great Bread Bake off! We will explore, design and bake our own mini loaves of bread.

Music:

Using singing and handbells to prepare Christmas performance pieces.

RE

What is it like for someone to follow God? (People of God)
